SAI DARBAR MOTAR TRAINING SCHOOL

Driving Licence Rules and Process

Version 1.0 | Updated November 2026 | Audience: Students, staff and the public

Government-authorised (RTO-recognised) motor driving school, working since 2012-13.

Dnyaneswar Nagar, near Kamgar Hospital, Wagle Estate, Thane - 400604, Maharashtra | Phone / WhatsApp: 8677097777 | Email: guruzirpe@gmail.com

About this document

This guide explains how a person in India gets a learner licence and then a permanent driving licence, with notes for applicants in Maharashtra. It is based on official sources: the Motor Vehicles Act, 1988 (as amended in 2019), the Central Motor Vehicles Rules, 1989, and the fee table published on parivahan.gov.in. Always apply through the official portal sarathi.parivahan.gov.in, which shows the exact fee and test details for your application.

1. The process at a glance

Step	What happens	Typical timing
1. Admission	Student registers at the school; documents are checked.	Day 0
2. Learner licence (LL)	Online application on Sarathi, then the computer-based LL test. If passed, the LL is issued.	Usually within days of applying
3. Waiting period	A permanent licence test cannot be taken until the learner licence has been held for at least 30 days (CMVR rule 15).	Minimum 30 days
4. Training	Practice sessions with the school's instructors.	During the waiting period
5. Permanent licence application	Apply on Sarathi and book the driving test slot, within the 6-month LL validity.	After day 30, before LL expires
6. Driving test at RTO	Practical test in front of the RTO inspector.	On the booked date
7. Approval and smart card	After a pass, the RTO processes the licence and the smart card is posted.	A few days for approval; delivery time varies

Important deadline

A learner licence is valid for 6 months. If it expires before the driving test is completed, the learner licence process must be started again. Plan the test well inside the validity period.

2. Eligibility

Vehicle class	Minimum age	Notes
Motorcycle up to 50 cc (without gear)	16 years	Written consent of a parent or guardian is required (Section 4; CMVR rule 12).
Motorcycle with gear, car and other motor vehicles	18 years	No person under 18 may drive a motor vehicle in a public place (Section 4).
Transport (commercial) vehicles	20 years	A learner licence for a transport vehicle is given only to a person who has held a licence for a light motor vehicle for at least one year (Section 7). Medical certificate is mandatory.

- The applicant must be fit to drive and must submit a self-declaration of physical fitness (Form 1).
- A medical certificate (Form 1A) from a registered medical practitioner is required for transport vehicles, and for non-transport applicants who have reached the age of 40 (for example at renewal, Section 15). The Sarathi application shows exactly what applies to you.
- A person whose licence is suspended or cancelled is not eligible until the period ends. A juvenile punished under Section 199A cannot get a driving licence or learner licence until age 25.
- Since the 2019 amendment, an applicant can apply to any licensing authority (RTO) in the State, and the learner licence application can be made online.

3. Documents required

Document	Examples of accepted proof
Proof of age	Birth certificate, school leaving certificate, passport, PAN card, Aadhaar (as per RTO rules; CMVR rule 4 lists the accepted documents)
Proof of address	Aadhaar, passport, electoral roll, life insurance policy, pay slip, bank passbook, electricity or water bill, rent agreement (as per RTO rules)
Passport-size photographs and signature	Recent photos; signature image as specified on the portal
Form 1 (declaration of physical fitness)	Filled online or on paper
Form 1A (medical certificate)	Required for transport vehicles and where the applicant has reached 40 years (see section 2)
Application forms	Form 2 (learner licence) and Form 4 (driving licence) are completed on the Sarathi portal
Existing learner licence	Required for the permanent licence application
Driving school certificate	Form 5 from the school, where applicable (see section 8)
Mobile number	Should be active; OTPs are sent for verification. If Aadhaar is used, the mobile number must be linked to it.

The documents must show the same name and date of birth. Differences between documents are the most common reason for delay.

4. Learner licence: step by step

1. Visit sarathi.parivahan.gov.in, select the state Maharashtra, and choose 'Apply for Learner Licence'.
2. Enter personal details and select the vehicle class (for example, motorcycle with gear, LMV).
3. Upload documents, photograph and signature, and complete the declaration.
4. Pay the fee online.
5. Book the learner licence test slot (or take the online test from home where the faceless option is available).
6. Take the computer-based test on traffic rules and road signs. Under CMVR rule 11(1-A), 'adequate knowledge' means answering correctly at least 60 per cent of the objective-type questions. A draft amendment proposing a higher pass mark was published by MoRTH in October 2026 but is not a rule until it is notified; check the test instructions on the portal.
7. If you pass, the learner licence is issued and can be downloaded. If you fail, you can re-take the test on payment of the re-test fee, as per RTO rules.
8. Display the 'L' sign on the practice vehicle and always drive with a licensed person beside you.

5. Permanent driving licence: step by step

1. Apply no earlier than 30 days and before 6 months from the date of issue of the learner licence.
2. Log in to Sarathi, choose 'Apply for Driving Licence', and enter the learner licence number and date of birth.
3. Check details, upload documents and pay the fee.
4. Book the driving test slot at the RTO. The date must fall within the learner licence validity.
5. On the test day, go to the RTO with the learner licence, original documents, application receipt, and the vehicle arranged for the test.
6. Appear for the practical test. Under CMVR rule 15(3) the test checks vehicle control and road behaviour: adjusting the mirror, starting, gear changing, hill start, turning, overtaking, signalling, lane change, reversing, turning the vehicle around, and courtesy to other road users. The exact track and tests vary by RTO.
7. If you pass, the RTO processes the licence. A digital copy is available on DigiLocker or mParivahan, and the smart card is sent by post to the address on record.
8. If you fail, you can take the test again on payment of the re-test fee. The school's default plan is a 7-day gap, but the RTO's rules apply.

What the school does and does not do

The school helps with documents, forms, slot planning and training. The school never asks for your Sarathi password or OTP, and does not bypass CAPTCHA, OTP or any government step. The test result is decided only by the RTO.

6. Government fees

The table is the fee schedule for licensing services published on the Parivahan portal (CMVR rule 32).

Service	Fee
Issue of learner licence (for each class of vehicle)	Rs. 150
Learner licence test fee, or repeat test fee	Rs. 50
Driving test (test of competence to drive), or repeat test, for each class of vehicle	Rs. 300
Issue of driving licence	Rs. 200
Renewal of driving licence	Rs. 200
Renewal after the grace period	Rs. 300, plus Rs. 1,000 for each year or part of a year of delay counted from the end of the grace period
Addition of another class of vehicle to the licence	Rs. 500
Change of address or other particulars in the licence	Rs. 200
International Driving Permit	Rs. 1,000
Appeal against an order of the licensing authority	Rs. 500

Note

Smart card, postal or service charges may be added by the State, and fees can be revised by the Government. The Sarathi payment page always shows the exact total. The school's own training fees are separate and are given in your enrolment receipt.

7. Validity and renewal

Learner licence: valid for 6 months from the date of issue (Section 14(1)), and effective throughout India (Section 13).

Permanent licence (private, non-transport vehicle): the validity depends on your age on the date of issue or renewal (Section 14(2), as amended in 2019).

Age on the date of issue or renewal	Licence is valid
Below 30 years	Until you reach the age of 40
30 years or more, but below 50 years	For 10 years from the date of issue or renewal
50 years or more, but below 55 years	Until you reach the age of 60
55 years or more	For 5 years from the date of issue or renewal

- Transport (commercial) licences are valid for 5 years (Section 14(2)(a), as amended in 2019).
- Renewal window: you can apply for renewal at any time from 1 year before expiry up to 1 year after expiry (Section 15). If you apply more than 1 year after expiry, you must pass the driving test again.
- A late-renewal fee applies after the grace period (see the fee table). A medical certificate (Form 1A) is needed at renewal if you have reached the age of 40, and for transport vehicles.
- Always check the expiry date printed on your licence.

8. Driving school certificate: Form 5 and Form 5B

Certificate	Issued by	Effect
Form 5	A licensed driving school (licence in Form 11 under CMVR rule 24)	Proof of training. The applicant still takes the driving test at the RTO.
Form 5B	An Accredited Driver Training Centre (ADTC) accredited under the 2021 MoRTH rules	The holder is exempt from the RTO driving test. ADTCs must follow a prescribed course (for light motor vehicles: 29 hours, with 8 hours of theory and 21 of practice, within 4 weeks) and meet infrastructure rules.

School status

Sai Darbar Motar Training School is a government-authorised (RTO-recognised) motor driving school, working since 2012-13, and issues the driving school certificate (Form 5) as required by CMVR rule 27. The Form 5B test exemption is available only through an Accredited Driver Training Centre. Unless the school tells you otherwise in writing, plan to appear for the driving test at the RTO.

9. Other licence services on Sarathi

- Renewal of driving licence, duplicate licence, change of address or name.
- Adding another vehicle class (for example, adding a car class to a motorcycle licence).
- International Driving Permit (IDP) for driving abroad.
- Download of learner licence and driving licence, and application status tracking.

10. Common reasons for delay or rejection

- Name or date of birth differs between documents.
- Blurry photo, wrong signature size, or a document that is not in the accepted list.
- Mobile number not linked to Aadhaar, so the OTP does not arrive.
- Learner licence expired before the test, so the process restarts.

- Test slot missed or not booked in time.
- Failing the test because of nervousness, poor clutch and gear control, no mirror checks, or skipping the seat belt and indicators.

11. How the school tracks your journey

The school records each stage in its system so that staff, the owner and you see the same progress. Timings below are the school's default plan, and your own dates are shown in the customer app.

Stage	What staff record	What happens next
Registered	Documents and details after review	Learner licence application is prepared
Learner licence entered	LL number, issue date, expiry date	A 30-day waiting countdown starts
Waiting period	Countdown to the eligible date	Staff get an alert 2 to 3 days before it ends
Eligible	Waiting period complete	You get an email and a notification; the test appointment is arranged
Appointment booked	Date, RTO and reference number	Reminders 2 days before, 1 day before and on the test morning
Test result	Pass or fail and attempt number	Pass: scrutiny wait (default 5 days). Fail: re-test wait (default 7 days)
Permanent licence	Licence number and expiry date	Case closed and you are notified
